

Cirqlback

Tap to earn. The addictive local-loyalty & discovery platform.

One tap of a phone turns a shop visit into rewards, badges, streaks and prizes — no app, no account, no hardware for customers. Local businesses get loyalty, a hosted page, a spot on the discovery map, and cross-shop campaigns that share foot traffic.

Why it works

For local businesses

- **NFC tap-to-earn loyalty** & digital punch cards — no POS integration.
- **Hosted one-page website** at cirqlback.com/biz/you with live rewards.
- **Discovery map** pin + **point perks** customers redeem in-store.
- **Group campaigns & scavenger hunts** that share traffic with neighbors.
- **Badges & analytics** — social proof + real engagement data.

For customers (why they keep tapping)

- **Points** that buy real perks, **prize draws** & a **daily spin**.
- **Streaks, badges & passports** — collect, level up, don't break the chain.
- **Leaderboards, friends & teams** — compete locally.
- **Refer a friend** — you both earn.
- Anonymous by default; an email is optional.

The engagement loop

EARN

taps, streaks, badges, lucky spins, passports, referrals

SPEND

points → business perks, platform perks, prize draws

COMPETE & CONNECT

monthly / local / friend / team leaderboards

Built for a local marketplace

Businesses collaborate — fairly

- Invite / request to join multi-store campaigns.
- Funded rewards split cost **tap-weighted**; hosts get paid **automatically via Stripe**.
- Nonprofit donation-per-tap & event-ready campaigns.

Community Coordinators grow regions

- Franchise-style territory partners onboard & support local shops.
- Earn a **70% revenue share** on their territory.
- Region campaigns, passports, badges, messaging & payouts.
